

MScAC Initiative Budget Proposal

Event: MScAC Cohort Outing — "The Four Seasons of Vivaldi" at Roy Thomson Hall

Date: Thursday, October 29, 2026, 7:00 PM to 10:30 PM

Venue: Roy Thomson Hall, 60 Simcoe Street, Toronto (reserved Balcony-level seating)

Estimated Attendance: 12–14 students

Purpose

A shared evening at a professional concert gives the cohort a relaxed, non-academic setting to spend time together partway through the term. A single ticketed performance with a fixed start time carries no logistics to manage on the night and works as well for a large group as a small one. A poll in the cohort Discord server drew interest from around 18–20 students — well above the 12–14 seats this proposal can cover, so a random draw among those who opt in fills the seats, as the RSVP Plan describes.

Event Components

Pre-Concert Gathering (7:00 PM – 8:00 PM):

- The group meets in the main lobby of Roy Thomson Hall, 60 Simcoe Street, checks in together, and takes its seats before the house doors close.
- The reserved block includes any accessible or companion seating flagged on the RSVP page, so everyone sits with the group.
- Anyone who wants a casual bite beforehand coordinates a spot on the RSVP page; that meal is self-funded and is not part of this request.

Concert (8:00 PM – 9:55 PM):

- The group attends the performance together in the reserved Balcony-level seats.
- The concert runs about two hours with one intermission.

Post-Concert Social (9:55 PM – 10:30 PM):

- Anyone who wants to keep the evening going walks to a nearby café or dessert spot; this stop is optional and self-funded.

Budget Breakdown

Item Description	Quantity	Estimated Cost	Per-Person Estimate
Concert Tickets: Regular Balcony-level admission to "The Four Seasons of Vivaldi" at Roy Thomson Hall on October 29, 2026, at the \$39.99 face price per ticket; Tuan Khai Nguyen books the full block in one transaction for a single itemized receipt	For 14 people	\$560	\$40.00

Item Description	Quantity	Estimated Cost	Per-Person Estimate
Ticketing Fees: Roy Thomson Hall per-ticket service and facility charges shown at checkout, about \$15.79 per ticket (a \$126.35 charge on an eight-ticket order); budgeted near that individual-order rate, which a group booking of ten or more should lower	For 14 people	\$220	\$15.71

This budget covers 14 attendees, the top of the 12–14 range. The \$39.99 face price is fixed; the fee line sits near the individual-order rate Roy Thomson Hall showed at checkout, and a group booking of ten or more tickets should bring it down. At \$780 the request stays below the fund's \$800–\$875 single-event precedent, and below the recent islands day trip (\$790). Every line is concert admission: tickets are digital, so no supplies or equipment are needed, and there is no venue-rental or catering cost. The roughly \$56 per head runs above the \$35–40 catering rule of thumb because this pays for admission to a ticketed performance rather than food and supplies; capping the group at 14 keeps the total within precedent.

RSVP Plan

- **Interest Polling:** A poll in the cohort Discord server drew interest from around 18–20 students, more than the 12–14 seats available.
- **Preference Tracking:** A Partiful event page (or a cohort Google Form) collects final opt-ins and confirms who is still committed before Tuan Khai buys the tickets.
- **Seat Allocation:** Because interest runs ahead of the seats available, a random draw among the students who opt in fills the 12–14 places, with the host included, and produces a ranked waitlist that covers any cancellation in order. Tuan Khai posts the selected names and the waitlist order in the cohort Discord.
- **Dietary Needs:** The RSVP page asks about dietary restrictions even though no food is being reimbursed; if the group arranges an informal meal before or after the concert, the organizer picks a venue with solid vegetarian and vegan options.
- **Accessibility:** The RSVP page asks about mobility and accessibility needs. Every level of Roy Thomson Hall is wheelchair accessible, accessible and companion seating and a Sennheiser assisted-listening system are available, and Tuan Khai arranges accessible seating with the box office (416-872-4255 / contactus@mh-rth.com) before the tickets are booked if any attendee needs it.

Other Next Steps

- **Ticket Purchase:** Tuan Khai Nguyen contacts the Roy Thomson Hall box office about a block of 12–14 seats — group rates apply to orders of ten or more — as soon as the opt-in list closes, and buys them in one transaction on one card for a single itemized receipt. He books the block by early October so the group sits together.
- **Seat Allocation:** Tuan Khai runs the random draw once the opt-in list closes, about two weeks before the concert, and posts the results and the waitlist order in the cohort Discord.

- **Accessibility:** Tuan Khai confirms any accessible-seating requests with the box office when the block is booked.
- **Reporting:** Submit all itemized receipts, final attendee list, and invitation for reimbursement.
(ESSENTIAL)

Total Budget Requested: \$780
